Arising from its management's desire to become a welcoming space for people with autism and related sensory disorders, Water World underwent an audit conducted by International Board of Credentialing and Continuing Education Standards (IBCCES), a special needs education and certification provider.

Delivering the Global Standard for Training & Certification in the Field of Cognitive Disorders

IBCCES provides a series of certifications that empower professionals to be leaders in their field and improve the outcomes for the individuals they serve. These programs are recognized around the world as the leading benchmark for training and certification in the areas of autism and other cognitive disorders. As part of our commitment to sharing the latest innovations and research, we host the International Symposium on Cognitive Research and Disorders to create a forum for collaboration among industry stakeholders.

IBCCES adheres to international standards for boards that grant professional credentials. The IBCCES certification procedures and content undergo various reviews and validation, pursuant to the professions who are eligible for certification, as well as standards established by content experts in the field.

IBCCES has organized the results of their audit into an easy-to-read report grouped into sections that list factors important to people with autism, their loved ones, and their caregivers.

TRANSPORTATION & PARKING

Water World's Hotel Partners offer free shuttle to and from the water park. You can contact the hotel's concierge for additional details.

A limited number of accessible parking spaces are available on a first-come, first-serve basis in our main lot near the front entrance of the park. State issued disabled parking permits are required and must be displayed to use the parking spaces.

Self-Parking at Water World is complimentary as part of your day admission ticket. Water World also offers a limited number of Premium Parking spaces closer to the front entrance. Visit the Premium Parking kiosk for pricing and payment details.

TICKET PURCHASING INFORMATION

To maximize savings, buy your day pass on-line at WaterWorldColorado.com. Simply pick the date and purchase for the date you would like to visit. You can then download to your phone or print-at-home and go directly to the turnstile when you arrive.

Prices vary based on time of season and day of week with our lowest admission rates from opening through mid-June, and anytime of the season when you visit Monday-Thursday. It's that easy to save! Ticket prices do not include tax or online service fee. For 2021 Water World will have a very limited number of tickets available at the gate. We strongly recommend purchasing online.

RIDE ACCESSIBILITY PROGRAM & AAP CARD

Guests who, because of a physical or mental impairment, are substantially limited in their ability to transport tubes, rafts or sleds to the dispatch point of individual attractions OR guests with an autism spectrum disorder (ASD) should visit Guest Services (next to the entry turnstiles) upon arrival at the park.

Some questions will be asked to assure that the guest has the required physical criteria in order to safely experience our attractions. If so, an Attraction Access Pass (AAP) will be issued, at no additional fee, to the guest. This AAP card is valid for the pictured guest and up to 3 riding companions.

If a guest's disability does not limit their ability to transport tubes, rafts or sleds to the dispatch point of an attraction or use a normal attraction queue, there is no need to stop at Guest Services for the AAP Pass as you may utilize the standard attraction queuing and flow. We are always happy to answer questions and help plan your visit. Visit our website for more details on how to use the Attraction Access Pass. Attraction Access Pass is available on select attractions.

WALLY WORLD

This unique area is like a miniature water park specifically for tots and parents. In fact, you have to be under 48" to enjoy this little world. With three levels of pool space, there is plenty of room for little ones to roam and have fun. All the water is less than a foot deep and there are stairs leading to every level for access.

The upper level has little bubblers and medium size jets to play in, a big waterfall, tire swings, one long soft-surface slide that goes down to the lower level and four side-by-side soft slides that go down to the middle level.

The middle level has a short waterfall, and a soft slide that goes down to the lower level.

The lower level has water jets shooting from below and there is a cargo net and bridge to climb up to the middle level and a cement tunnel under the bridge to play in.

LOST RIVER OF THE PHARAOH'S

Hope you're prepared for an adventure into the Lost River of the Pharaohs. This closed bottom family tube accommodates multiple guests and is great for all ages. As you rush down a winding, bumpy, outside river you'll shortly find yourself slowly floating outside the ruins of the pyramid. Once inside, you'll discover mysterious treasure, talking Pharaohs and Egyptian artifacts. Eventually spiraling out of the tomb, and outside, you finish rafting down the remaining white-water river. Be prepared for flashing lights, animated effects, darks spaces and loud noises.

MILE HIGH FLYER

Colorado's one and only hydromagnetic water coaster is one of our most popular rides, and for good reason. Two, three or four guests 42" or taller can experience going up and down multiple hills and flying, swinging around corners, going through enclosed spaces while being splashed and sprayed from time to time. Just like a regular coaster, there will be bumps and sharp turns. This attraction is worth the wait, and you'll be tempted to go again and again.

Roaring Forks

This brand new addition to the amazing attractions at Water World is a race-dueling water coaster. Similar to The Mile High Flyer, a fan favorite. This two person coaster will have you going up and down multiple hills and swinging around corners in the open air. There are enclosed spaces where you can see your dueling competitors beside you, and you'll be surprised by some splashes the ride creates around you as well. Be one of the firsts to enjoy this coaster in our new Alpine Springs area.

This attraction is new for 2021. Please see [Attraction Page](#) on website for Sensory Rating.

THE STORM

Be prepared to brave the heart of the Storm on this fast-paced, closed bottom family tube that accommodates multiple guests of all ages. VOYAGE TO THE CENTER OF THE EARTH

One of our signature rides! This closed bottom family tube accommodates multiple guests and is great for all ages. You'll experience nearly a 5-minute adventure through fully enclosed caverns and rivers as you venture further and further into the earth's crust. Twisting and dropping (at various speeds) down into darkness, each section is comprised of creatures and dinosaurs that have been long extinct. They have now come to life for your enjoyment or despair. Racing away from the T-rex will be your ultimate achievement. Watch out for large animated creatures who make loud noises, flashing lights and moving elements.

THE WAVE

Hang loose, surf the waves and jam out at The Wave! This exceptional, inland surfing attraction is unique and the closest thing to surfing that we have in Colorado! You must be 48" and taller to surf these fast-moving, side-by-side curved waves on a boogie board. Entering lying on your stomach, you may master "The Wave" with balance and finesse. Don't be afraid to wipe out, it happens to the best of us!

COWABUNGA BEACH

You'll find Cowabunga Beach is a one-of-a-kind Boogie-Boarding wave pool, and is great for beginners who want to practice riding the waves! These slow and continuous waves make it easy hop in off the pier and ride a boogie-board on your stomach as far as you can! The deepest part of the pool is 5 feet and your chin must be as tall as the board to ride. Watch for High Tide "open-swim" from 11:30 to 1:30 and 5:00-6:00pm daily where non-boarding guests may swim and participate in the waves.

THUNDER BAY WAVE POOL

No need to try and find this wave pool, Thunder Bay finds you! Colorado's largest wave pool draws everyone to it by sheer size and speculation. You must take a dip in here, even if it's just walking across to the other side. Waves roll-in frequently and will be announced by a loud tone. Once the waves start, they are enjoyable in multiple depths. The shallow end is like a beach, with the waves slowly rolling in, from 1 to 3 feet deep. The waves at this depth are fun for all ages to jump, duck and let loose in.

Past the 3-foot line marked on the pool bottom and up to 8 feet, skilled swimmers like to glide through the surging water and active waves.
